## SUMMARY

Pre-final year B.Tech CSE student with expertise in full-stack development, UI/UX design, and design thinking, experienced in building scalable applications including multilingual platforms, admin dashboards, and developer tools using React, Next.js, TypeScript, and AWS. Demonstrated leadership by leading web and design teams across multiple communities, driving collaboration and delivering impactful solutions.

## EDUCATION

**B.Tech Computer Science & Engineering With Minor in VLSI**

CGPA: 7.19 | Amal Jyothi College of Engineering (Autonomous), Kanjirappally *2023 – Present*

## WORK EXPERIENCE

**DevOps with AI – Industry Immersion Program**

*NeST Digital Academy, Kochi* *Feb 2026*

- Gained hands-on experience with AWS cloud services and Docker containerization for building deployment pipelines.
- Explored AI-integrated DevOps tooling and end-to-end CI/CD workflows.

**Data Science & Deep Learning Intern**

*Luminar Technolab, Kochi (Hybrid)* *Jun 2025 | 1 Month*

- Built and optimized ANNs and CNNs using TensorFlow for image classification, achieving improved accuracy on Food-101 dataset through data augmentation.
- Designed and deployed a custom deep learning model on Kaggle, completing the full end-to-end AI pipeline from preprocessing to evaluation.

**Machine Learning Intern**

*Cognifyz Technologies* *Apr 2025 – May 2025*

- Applied ML concepts to real-world assignments, deepening practical knowledge of machine learning workflows and pipelines.
- Certified by Cognifyz Technologies — an AICTE & MSME recognized institution.

**Full Stack Developer & UI/UX Designer**

*INCIAL* *Jan 2024 – Present*

- Built and shipped full-stack web products for clients using React, Next.js, and Tailwind CSS, reducing design-to-dev handoff friction through Figma-aligned components.
- Contributed to Blaupunkt EV (blaupunkt-ev.com) — a multilingual production platform with localized routing, animation, and email workflows.

**Full Stack Web Developer**

*Freelance* *Mar 2023 – Present*

- Developed and launched 5+ web applications with a 90% client satisfaction rate across diverse domains.
- Managed full project lifecycle — from requirements and design to deployment and client handoff.

## PROJECTS

### Blaupunkt EV – Multilingual EV Charging Hub (Production)

*INCIAL | blaupunkt-ev.com* *2025*

- Built a localization-ready product catalog and contact platform serving international markets with multilingual routing and Resend-powered email workflows.
- Tech Stack: Next.js, React, Tailwind CSS, next-intl, Framer Motion, PDF-lib.

### LigthSuvara – Educational Management Admin Dashboard

*Personal / Team Project | ligth-suvara-web-app.vercel.app* *2025 – 2026*

- Built the Web Admin Panel managing 1,000+ users across schools, animators, and admins with role-based access, event workflows, grading, and PDF report generation.
- Tech Stack: React, TypeScript, Tailwind CSS, Firebase, Vite, Shadcn UI, Recharts.

### Intern-Hub – Centralized Internship Platform

*INCIAL / TBI AJCE | intern-hub-sable.vercel.app* *2024 – 2025*

- Built a centralized internship hub for TBI AJCE students, onboarding 100+ users on launch. Tech Stack: HTML, CSS, JavaScript.

### VibeScan – AI Dependency Security Analysis Tool

*Personal Project* *2024*

- Built a CLI and web tool to scan project dependencies for CVEs, reducing manual security audit effort. Tech Stack: Python, Flask, Docker, Node.js.

## ACHIEVEMENTS

- Best Mission Concept Award (Senior Category) – NASA Space Apps Challenge 2025, Kanjirappally Local Chapter; built an AI model to classify exoplanets from satellite/telescope data as Team Blankspace.
- 1st place (out of 150 teams) – UI/UX Hackathon by ACM AJCE, 2025.
- Selected for Smart India Hackathon (SIH) at Institutional Level – 2024.
- Winner of Ideathon Contest – 2023.

## 6SKILLS

**Languages & Frameworks:** Python, C, HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Flask, Express.js
**Design Tools:** Figma, Adobe Illustrator, Photoshop, After Effects, Blender, Premiere Pro, Canva
**Dev Tools & Platforms:** Git, GitHub, Docker, Node.js, Vercel, AWS, Postman, Hugging Face
**Database Management:** MongoDB, MySQL, Supabase, Firebase
**Others:** UI/UX Design, Graphic Design, Brand Identity, AI/ML Integration, Cloud Computing, Automation (N8N)

## CERTIFICATIONS

- Industry Immersion Program on DevOps with AI – NeST Digital Academy (Feb 2026)
- Programming for Everybody (Python) – Coursera
- Foundations of UX Design – Google / Coursera
- Introduction to Front-End Development – Meta / Coursera
- Getting Started with Enterprise Data Science – Coursera

## VOLUNTEERING

- GDG on Campus AJCE – Web Team Lead | Oct 2025 – Present
- IEDC AJCE – Design Lead → Chief Creative Officer (CCO) | Jun 2024 – Present
- TEDxAJCE – Graphic Designer | Mar 2025 – Present
- Blankspace – Community Lead | Aug 2024 – Present
- NSS UPES – Volunteer | Aug 2024 – Present
- ACM – Member
